

BPC Mentoring: Proposal Writing Workshop

- **Fast paced hands-on writing workshop to:**
 - Formulate technical idea into persuasive proposals
 - Motivate students to apply for MTT-S opportunities/scholarships: <https://mtt.org/students/>
- **Mentors guide groups of 3-4 participants to produce one page summary**
- **Proposal summary includes:**
 - Objective: WHAT?
 - Problem statement/motivation: WHY?
 - Approach/methodology: HOW?
 - Anticipated outcomes: FOR WHOM?

The proposal writing workshop introduces students and YPs to the process of converting technical ideas into structured and persuasive project proposals.

This activity is particularly relevant for scholarship applications, research funding applications, project planning, and impact communication. Experienced mentors include senior MTT-S volunteers and local professionals with fundraising experience.
